

**YOUR TRUSTED  
PARTNER  
FOR BUSINESS**

**LUXINNOVATION**  
TRUSTED PARTNER FOR BUSINESS

**IF YOU ARE A LUXEMBOURG  
BUSINESS LOOKING FOR A RELIABLE  
PARTNER TO HELP YOU ACHIEVE  
SUCCESS, LOOK NO FURTHER  
THAN LUXINNOVATION.**

**IF YOU ARE A FOREIGN COMPANY  
LOOKING FOR A NEW LOCATION FOR  
YOUR BUSINESS, LUXEMBOURG IS  
YOUR SMART CHOICE.**

**LUXINNOVATION CAN HELP  
MAKE IT HAPPEN.**

Our job is to act as facilitator for companies or entrepreneurs that are planning to launch cutting edge projects, enhance their performance, or expand their business and innovation partnerships at an international level. We are also in charge of Luxembourg's sector-specific trade promotion and prospection efforts. We organise – and participate in – missions around the globe, often in tandem with the Ministry of the Economy or other representative bodies. Our priority is to attract foreign direct investment in a targeted and service-oriented manner.

**HOW DO WE WORK?  
BY FOCUSING ON IMPACT AND GENERATING  
REAL CLIENT VALUE... FOR YOU.**

Luxinnovation contributes to the economic development of Luxembourg by fostering innovation, fuelling international growth and attracting foreign direct investment. Our comprehensive range of services to help make that happen focus on:

- Start-up support
- Stimulating innovation and improving the performance of SMEs
- R&D and innovation funding
- Strategic sector development

**IF YOU ARE A YOUNG ENTREPRENEUR**

we provide you with individual support to set up a business plan, develop a viable business model, find your first clients and start to accel-

erate your business. We offer programmes such as Fit 4 Start, which offers ICT start-ups early-stage funding and coaching, and Plug&Play, which sends start-ups to the Silicon Valley for a chance to break into the US market.

**IF YOU ARE AN SME**

we provide you with information on how to gain competitive advantage by improving or changing your products, services, production processes, internal or external organisation, marketing plan or even your business model.

**IF YOU ARE LOOKING FOR FUNDING**

we offer you advisory and support services for your R&D and innovation projects. You benefit from guidance to find the most appropriate funding available and develop successful applications. Luxinnovation has in-depth knowledge of national funding schemes. We are also the National Contact Point for Horizon 2020 and the European Space Agency's programmes as well as the National Project Coordinator for EUREKA.

**WE EMPLOY A TARGETED AND SECTORAL  
APPROACH**

in line with the Luxembourg government's keen focus on becoming more globally competitive. This we do by leveraging the potential of key sectors considered of prime importance for the development of Luxembourg's economy encompassing Automotive, CleanTech, Manufacturing, ICT, Life Sciences, Logistics, Maritime

**WE ORGANISE –  
AND PARTICIPATE IN –  
MISSIONS AROUND  
THE GLOBE, OFTEN IN  
TANDEM WITH THE  
MINISTRY OF THE  
ECONOMY OR OTHER  
REPRESENTATIVE  
BODIES.**

**OUR PRIORITY IS TO  
ATTRACT FOREIGN  
DIRECT INVESTMENT  
IN A TARGETED AND  
SERVICE-ORIENTED  
MANNER.**

and Space. We also manage the Luxembourg Cluster Initiative, which fosters innovation, business development and cross-sector cooperation amongst local players.

**ARE YOU LOOKING FOR A CENTRAL LOCATION  
IN EUROPE TO SET UP YOUR COMPANY OR ITS  
GLOBAL OR REGIONAL HEADQUARTERS?**

Luxembourg is a prime business location for foreign companies like yours. Our role is to give you the right information about Luxembourg's attractive business environment for innovative companies, introduce you to key contacts and networks and guide you through the establishment process.

**WE ARE AT YOUR SIDE.**

Make the most of your know-how and expertise via access to our pooled knowledge, resources and networks of cluster members. This opens doors to better processes, higher productivity, increased cooperative R&D and innovation, potential new markets and new growth opportunities.

Our services are free of charge to start-ups and businesses of any size as well as to public research organisations.
